

AccessEmergency Medicine allows physicians and residents to find diagnosis and treatment answers quickly with:

- ▶ More than a dozen textbooks covering a broad spectrum of complaints encountered in the Emergency Department.
- ▶ Instructional videos including key clinical procedures, decision rules, and critical interventions performed in the ED.

AccessEmergency Medicine is guided by a preeminent advisory board to better meet the needs of the emergency medicine specialist.

The most trusted emergency medicine references keep you ahead of the immediate demands of patients in the emergency department. AccessEmergency Medicine offers:

- ▶ Complete coverage of procedures with comprehensive information on techniques, contraindications, equipment, and complications.
- ▶ Extensive library of images that includes common and uncommon clinical presentations; Imaging studies and photos of children and adults that allow for quick diagnosis.
- ▶ Fully integrated drug database provides dosing, indications, adverse reactions, and drug interactions.
- ▶ Regularly updated with:
 - Reviews of articles that impact EM practice
 - New step-by-step videos and animations of the most common and critical emergency procedures
 - Cases from the authors of *Fitzpatrick's Atlas of Dermatology*
 - Updates to treatment guidelines in the *Emergency Medicine Manual*
- ▶ Downloadable video case presentations from the Clinical Pathologic Case Competition and published in partnership with the Council of Residency Directors (CORD).
- ▶ Specialized search capabilities - Search all topics, pediatric-related topics only, or images and videos only.
- ▶ AMA PRA Category 1 Credit™ for watching video-based CME modules. CME is offered in partnership with the American College of Emergency Physicians.
- ▶ Optimized content for mobile web devices.
