

The Best Study Aid for the PANCE and PANRE

Comprehensive ▶ Authoritative ▶ Customizable

THERE IS NO EASIER, FASTER, OR MORE EFFICIENT WAY for physician assistant students to prepare for the PA certification exam (PANCE) or for physician assistants to excel on their recertification (PANRE) exam than McGraw-Hill's **PAEasy**. Users will find approximately **1,200 online Q&As** that cover every specialty area on the exam blueprint – along with detailed, referenced explanations and outstanding functionality.

Now with unlimited institutional access!

HAILED BY TEST TAKERS as the most effective way to prepare for the PANCE and PANRE exams, **PAEasy** takes test review to an entirely new level. With trusted content, customizable features, and unmatched authority, **PAEasy** is the first place to turn for the highest score possible on the PANCE and PANRE.

▶ About 1,200 Q&As cover every specialty area on the exam blueprint!

Here's what makes PAEasy the single-best resource for preparing for the PANCE and PANRE exams:

- **Approximately 1,200 questions and answers** with detailed, referenced explanations covering every specialty area on the exam blueprint
- **Customization features that allow users to:**
 - ▶ Take tests composed of questions they are seeing for the first time
 - ▶ Build tests composed of previously incorrectly answered questions so they can focus on weak areas
 - ▶ Choose the number of questions and specialty areas, or create a set of randomly selected questions
 - ▶ Create tests that simulate the actual PANCE and PANRE examinations
 - ▶ Choose timed tests or untimed tests
- **Robust Performance Profiles** that allow users to track their test scores over time, measure their strengths and weaknesses by specialty area, and compare their performance to other PAEasy users
- **Targeted Readings** based on individual test performance are linked to the **AccessMedicine LANGE** library
- **Instructor Reporting Tool** that provides administrators/instructors with the ability to track individual student progress and generate reports on class activity or subject area performance
